Kubernetes Cluster :

The screenshot displays the IBM Cloud Kubernetes clusters management interface. The left sidebar shows the navigation menu with options like Clusters, Reservations, Helm catalog, and Container Registry. The main content area is titled 'Kubernetes clusters' and features a table with the following data:

Name	State	Location	Worker count	Created	Version	Infrastructure
mycluster-free	Normal	Amsterdam	1	Expires in 26 days	1.24.7_1542	Classic

Below the table, there are pagination controls showing '1 of 1 item' and '1 of 1 page'. The interface also includes filters for 'Resource group' and 'Location', a search bar, and a 'Create cluster' button.
